Creating a Contact

Last Modified on 21/09/2023 10:07 am BST

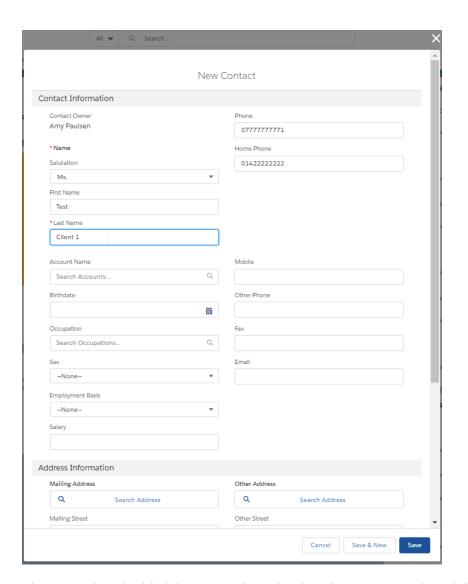

Create a new contact by navigating to **Contact** in the top toolbar:

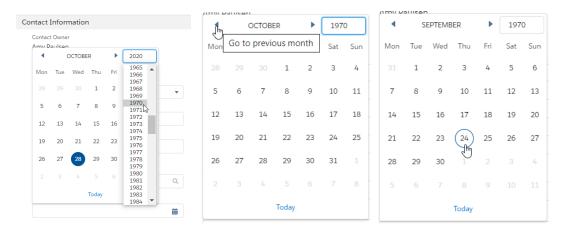

Select the drop down arrow to create a new contact:

Complete the details of your client:

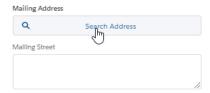

When entering the birthdate, start by selecting the year, month and day:

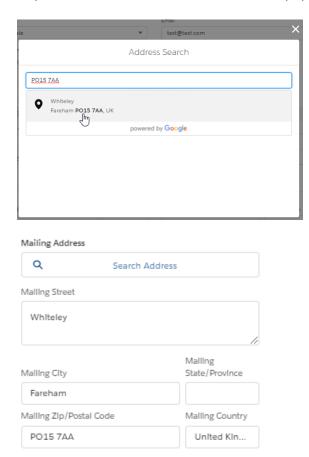

The birthdate can be overridden by clicking into the field:

Complete address details by clicking 'Search Address':

As you enter the details, it will narrow down the search results. Select the correct address from the drop down and the relevant fields with be populated:

Once complete, if you are only adding the one contact click 'Save'.

If you need to add further contacts, click 'Save& New' (This will save the current contact and will open a new record to complete).

Once saved, you will be taken to the new contact record:
