

Comparison & Ex-Ante using a CIP - Research Screen

Last Modified on 16/10/2023 12:11 pm BST

This article explains the Research screen in Comparison & Ex-Ante research, using a Central Investment Proposition. If you have not setup a CIP, this can be done in the Investment Pathways tab. For more information on how to create & build your CIP, see articles [here](#).

In the example below, we have added a **Pension** as an investment. See article [Comparison with Ex-Ante using a CIP - Add Investment](#) for details on adding investments to your Research.

The screenshot displays the Synaptic Research interface for a 'Susanna Comparison w/ Ex-ante'. The client is 'Susanna West' and the illustration type is 'Whole of Market'. The screen is divided into several sections:

- Investments:** A sidebar on the left shows an 'Add Investment +' button and a list of investments. One investment, 'Pensions', is selected, showing an investment amount of £239,601.57, a risk category of 'Balanced (High End)', and a target fund of 'Vanguard LifeStrategy 60% Equity A Shares...'. The Synaptic logo is visible at the bottom of this section.
- Review:** A central area with filters and a table of results. The 'Term' is set to '10'. There are buttons for 'Update Results', 'Change Segment', 'Stakeholder Pension', 'Exclude Adviser Fees', and '3 Significant Figures'. There are also buttons for 'Filter Results by Provider' and 'Filter Results by Product'. The 'Sort Results by Value' options are 'Growth %', 'Final Value £', 'Charges £', and 'RLY %'.
- Platforms:** A table showing 41 of 41 results for various platforms. The table includes columns for Growth, Final Value, Total Fees, and RLY. The platforms listed are:

Platform	Growth	Final Value	Total Fees	RLY
P1 Investment Management The P1 SIPP	3.84%	£342,701.68	£38,031.15	1.16%
James Hay Partnership Modular ISPP	3.78%	£340,972.15	£39,760.68	1.22%
Raymond James Investment Services Ltd AJ Bell Investcentre SIPP	3.78%	£340,971.36	£39,761.47	1.22%
Fidelity Adviser Solutions				

At the bottom of the Platforms section, there are 'Cancel' and 'Continue to Ex-ante Illustration' buttons.

Multiple investments can be added through the **Add Investment +** button.

As you add investments, the list of platforms will update to display investments added. At the bottom of the list there will be a platform & off platform combination.

Please note - As we have used a Central Investment Proposition and selected a segment, only platforms, off platform products, portfolios and funds configured in the CIP will pull through.

In the example below, we have added a **Pensions** and **Individual Savings Account**. The platforms listed show the Pension and ISAs included:
