

# Application Tabs

Last Modified on 10/01/2024 12:36 pm GMT

There are 7 tabs at the top of the screen that you can choose from:

**Clients** - where you can add or retrieve client details.

**Risk rating** - Risk rated funds and portfolios

**Modeller** - an investment planning and risk profiling tool.

**Comparator** - an on and off platform cost comparison tool. Also includes pension switch analysis.

**Weblines** - for researching quotations and applying for Protection, Annuities or Health policies.

**Product & Fund** - for conducting qualitative Product or Fund research.

**Settings** - to access Fund Management, Administration and Enterprise Messaging Platform.

**The type of licence purchased will drive which of the Synaptic tools you have access to. Modeller and Comparator will not need further sign in credentials but in order to access Product & Fund and Weblines you need to ensure that your 'sign in' credentials are set before initial use.**
