

Can I save and export the research grid?

Last Modified on 10/01/2024 12:36 pm GMT

The research grid, including all the data fields you have added, can be saved in PDF form using the **Save as PDF** link on the menu bar.

The grid can also be exported in CSV format (for opening in Microsoft Excel) by clicking on the **Export** link (only if your firm has purchased the optional Export functionality)
