Can I remove all filtering within a piece of Research?

Last Modified on 10/01/2024 12:36 pm GMT

You can remove all the filters you have selected at once by selecting (clicking on) **Clear all filters** from the bottom of the features list in the Filtering screen:

Filtering						
Features Se	ctors	Conditions	Stats	PP		
Payment methods						^
Payment	freque	ency option	ns			
With Profit	(100%)				
Enhanced	d deat	benefit				
Add charg	es on to	op of investi	ment			
No penalty	for cea	asing month	ly paym	nents		
No penalty	for red	ducing mont	hly payı	ments

Re-registra	ation op	tion				
Share exc	hange f	acility				
Open arch	itecture	1				
Partial w	ithdrav	val no pen	alty			~
Clear all filters		Audit trail) [Imp	ort filte	r	

This simply removes all the filtering and refreshes the screen. However, it does not remove any filtering that your compliance officer has both preset and locked. For more information on presets please refer to the relevant article.
