The screenshot displays the Synaptic Protection Quote Test interface. At the top, it shows the client's details: Life One (Susanna West), Age (42), and Smoker (Yes). The main section is titled 'Benefit List' and contains a card for a 'Decreasing Term' benefit. The card displays the following details: Driven By (Benefit), Premium Frequency (Monthly), Critical Illness Option (No), Term (10), and Death Benefit Amount (£100,000.00). A pen icon is highlighted with a tooltip that says 'Edit/View Benefit'. To the right of the benefit card, there is a 'Quick Filter' section with a 'Clear all' link and a 'Provider' dropdown menu set to 'Filter by Providers'. Below the filter, there is a 'Partially Underwritten' section with logos for AIG and AVIVA.

This will load the Quote Details screen.

Note: The system will default to a 10 year term with a £100,000 death benefit.
