

What's in Pathways 6.9 Release?

Last Modified on 17/05/2024 11:41 am BST

We're pleased to share the highlights of our latest Pathways product release

What's New in Version 6.9

- **Client Special Deals** - Create special deals against a client record
- **Cashflow Retirement Edition** - Annuity quote updates and general improvements
- **Switching Journey** - Withdrawals considered in the research and single ceding scheme scenarios included in the report
- **Advanced Fund Searches - Portfolio Builder & Fund Lists** - Advanced Search option which includes, global & local sectors, parent funds only, whole of market mode and generic funds
- **Client Holdings** - Manual performance records

For further details on the enhancements and updates, see release notes and video below:
