

Results - "Refreshing" a Quote Result Screen

Last Modified on 08/05/2024 9:39 am BST

There will be times when not all quotes come back from the providers within a short time period. If this happens, your screen will show any results which have been returned for you, and an orange bar will appear at the top of the page, to show you how many responses are pending. By "refreshing" the page, any late results (if any) which have now been received will be displayed. To refresh, click on the orange bar or use the **Refresh** button.

The screenshot shows a user interface for quote results. At the top right, there is a user profile for 'Amy Wood' with a settings gear icon and a help icon. Below this, the text 'Reviewable and Guaranteed Waiver None' is displayed on the left, and 'View options' is on the right. A row of icons includes a globe, an eye, a dropdown arrow, an up arrow, a document, a speech bubble, and a refresh button (a circular arrow icon) which is highlighted with a red box. Below the icons is a prominent orange bar with the text '4 responses pending. Click here to refresh'. Underneath the bar is a table with the following data:

Benefit	Interest Rate	Premium	Info
£100,000	8.0%	£4.94 Guaranteed	

At the bottom of the table area, there is a summary: 'Benefits ranging from £100,000 - £100,000' and 'Premiums ranging from £4.94 - £6.51'. A green '+ Apply' button is located to the right of the table.
