

# Results - Multi Benefit

Last Modified on 08/05/2024 9:39 am BST

If you are producing a Multi Benefit Quotation for different products, once you have completed all of the quote input pages, the results for all the quotes will be obtained and become available in the **Results** section as shown below.

In this example, you can view all the Multi Benefit results – as shown in left hand box under Results.

The screenshot shows the Synaptic Webline interface. At the top, there is a navigation bar with 'Quote' and 'Find' buttons. Below this, a summary table lists the benefits and their details:

Benefit	Term	Benefit Amount	Term	View options
Benefit 1: Level term	Life one	Benefit £100,000.00	Term 10 years	View options
Benefit 2: Decreasing term	Life one	Benefit £100,000.00	Term 10 years	
Benefit 3: Income protection	Life one	Benefit £1,000.00 pcm	Cease 60 years	
Benefit 4: Family income benefit	Life one	Benefit £10,000.00	Term 10 years	

The main results section is titled 'Partially Underwritten Quotes' and lists several Aviva products:

- ALPS Upgraded CI/No Child Upgrade/Living Costs**: Premium £62.22, Standard rate: £62.22
- ALPS Upgraded CI with Child Upgrade/Living Costs**: Premium £62.22, Standard rate: £62.22
- ALPS Living Costs**: Premium £62.22, Standard rate: £62.22
- Aviva Life Protection Solutions Upgraded CI/No Child Upgrade**: Premium £86.17, Standard rate: £86.17
- Aviva Life Protection Solutions**: Premium £86.17, Standard rate: £86.17

At the bottom, there is a 'Standard Quotes' section for Legal & General:

- Multi Discount (1 year)**: Premium £55.09

The left-hand navigation menu is highlighted, showing 'Multi-Benefit' selected under the 'Results' section.

In this screen shot, the results (premiums) for all the providers are shown and at the top of the screen you can view all the benefits quoted. Note that if one or more providers cannot give a quote for a product, this will be shown by a message in an orange line below any completed quotes:

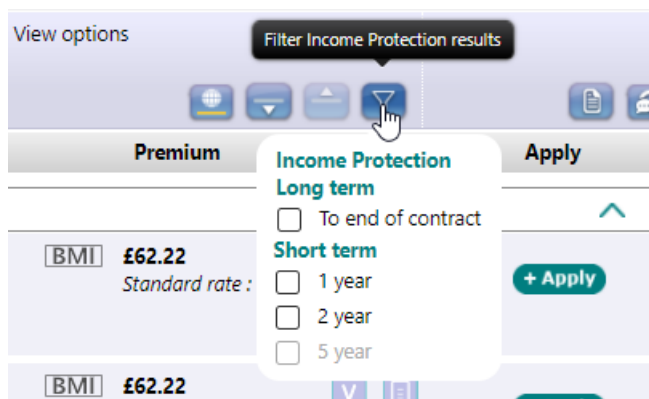

This screenshot shows a list of quotes from Zurich and Aviva:

- Zurich Multi benefit Extra**: Premium £78.57
- Zurich Multi benefit Select Extra**: Premium £83.67
- Aviva Life Protection Solutions Upgraded CI/No Child Upgrade**: Premium £155.51
- Aviva Life Protection Solutions**: Premium £155.51

At the bottom of the list, there is an orange banner that reads: "8 products declined to quote. Click to show products".

If your Multi Benefit quote includes an Income Protections product, you will see the Income

Protection Filter. This allows you to filter based on long or short-term options.

When involving a joint quote, you will see the following icons:

This icon indicates a Joint policy. Joint life cover insures two people, but a claim is paid out on one death only, usually the first death. The policy ends when the claim has been paid.

This icon indicates a Dual life policy. Dual life cover insures two people, but a claim can be paid on both deaths. If one person dies, the policy continues in the name of the survivor.
