

Researching Shariah funds

Last Modified on 24/05/2024 2:06 pm BST

For ethical funds, there is an ethical filter available when conducting research. This indicates that our fund data supplier has flagged this fund as ethical. Please also see [Do you have Ethical funds on the system?](#)

We don't have a specific feature filter for Shariah funds (only the ethical flag) from our fund data supplier.

Ways to locate Shariah funds are to:

1. Use the fund search on the right hand side of the home page. Put an asterisks in the fund search box followed by the word Sharia. E.g. *Sharia. This will return a list of funds named as Sharia or Shariah from which you can click the link to view a fund fact sheet.

The screenshot displays the Synaptic software interface. At the top left, the Synaptic logo is visible. The top right corner shows the user name 'Amy Paulsen1' and the text 'Synaptic Software Limited - Training'. Below this is a navigation bar with options like 'Home', 'Pension savings', 'Pension income', 'Life', 'Health', 'Investment', 'Finance', 'Offshore', and '[Recent]'. A search bar is located on the right side of the navigation bar, with the text 'Find: Contract Company Fund Client' and a search button. The main content area is divided into two sections. The left section is titled 'News headlines' and contains a list of links: 'AKG Overall Financial Strength', 'Synaptic Risk Ratings', 'Pathways Product Update', 'Synaptic Sale Completion', 'Synaptic Pathways - Book a Demo', 'See Synaptic Pathways in action - Free trial', 'Pathways available via the intelliflo store', and 'Royal London Governed Portfolios and GRIPs'. Below this is a section titled 'AKG Overall Financial Strength' with a text block explaining the change in ratings and a link to the 'AKG website'. The right section is a search results list for the query '*Sharia'. The list includes various funds such as 'Affin Hwang Ailman PRS Shariah Growth', 'Almalla Sanlam Active Shariah Global Equity UCITS ETF Acc EUR', 'Almalla Sanlam Active Shariah Global Equity UCITS ETF Acc GBP', 'Almalla Sanlam Active Shariah Global Equity UCITS ETF Acc USD', 'Almalla Sanlam Active Shariah Global Equity UCITS ETF CHF', 'Aviva Pension HVM HSBC Shariah Multi Asset Pn', 'Britvic Shariah Pn', 'CINPP Sharia Law Pn', 'Comgest Growth Europe Shariah Class Acc EUR', 'Comgest Growth Europe Shariah Class Acc USD', 'Comgest Growth Europe Shariah I Acc USD', 'Comgest Growth Europe Shariah U Acc GBP', 'Comgest Growth Europe Shariah Z Acc EUR', 'Comgest Growth Europe Shariah Z Acc USD', 'Emerging Markets Shariah Active Equity Fund Inst Cap USD', 'Emerging Markets Shariah Active Equity Fund Inst III Cap USD', 'Foord Hassen Shariah Equity C1 USD', 'Foord Hassen Shariah Equity C2 USD', 'Foord Hassen Shariah Equity R USD', and 'Foord Hassen Shariah Equity R1 USD'. At the bottom left, there is a 'Set agency codes' button and a link to view/edit provider agency information. The footer contains the copyright notice: 'Copyright© 1995-2024 Synaptic Software Limited, part of Fintel. All rights reserved.'

2. For comparison purposes rather than just an individual fact sheet, go to the Investment tab and select Manual fund list (under Fund data heading).

Fund

(Add funds to this manual list using the add-a-fund link above)

In the fund name box use the same search function as above *Sharia to return all funds named as Sharia. You will need to tick the funds required (or all of them) and save selection.

This will list all those funds in a research grid for you to conduct fund research on as normal.

We would recommend changing the title of the research (option in top ribbon) to something that will enable you to distinguish this manual fund list from others you create for future reference (otherwise they are all called manual fund list).
