

Income Analysis - Advanced Options - Selecting a preferred scenario

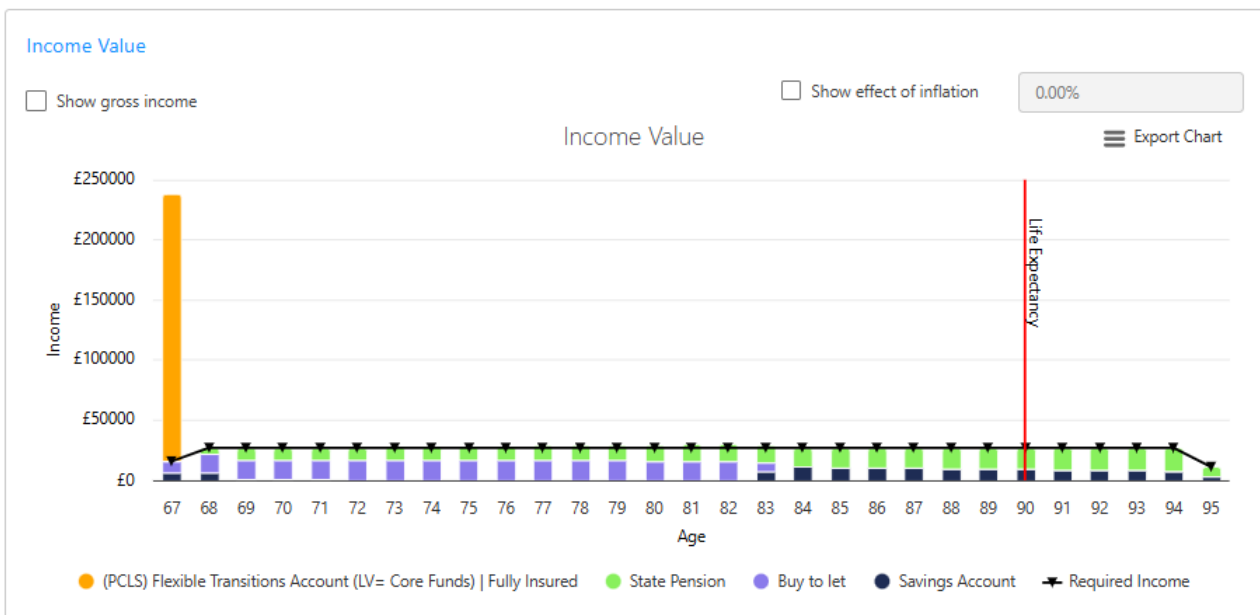

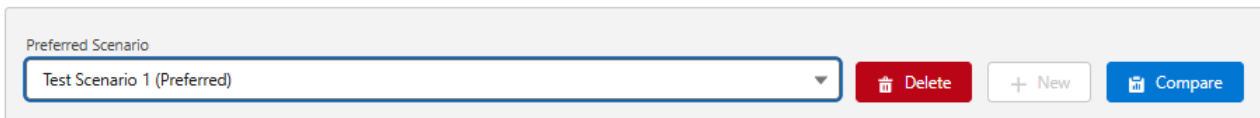

Last Modified on 19/12/2024 12:53 pm GMT

This article is a continuation of [Income Analysis - Advanced Options - Compare](#)

When you have compared the scenarios, pick the preferred scenario by selecting it from the dropdown

Once selected it will show (Preferred) in title:

This will be used as the chosen scenario in the report.

Additional scenarios will also be listed in the report as considered.
